

Form 6.2 – Dimensions of Trust

Person	Supportive	Reliable	Keeps Private Information Private	On Time	Faithful	Pays Money Back	Doesn't Gossip	Makes Time for you			

Fill in the dimensions of trust most important to you in the top row and the relevant people in your life in the left-most column. Rate each person on each dimension of trust from 0% (not trustworthy at all in that domain) to 100% (completely trustworthy in that domain). Use “N/A” if a dimension does not apply to a person (e.g., the trust you have in your child to take you to the airport).
